

Don't just sell your practice, join a community.

Get back to why you became a veterinarian.

CVP believes people are at the heart of delivering on our mission of bringing joy to families by providing the best care possible to the pets they love. When you join the CVP community, you are empowered to get back to why you went into practice in the first place — to provide quality medical care for animals.

And we want you to know, what's important to you, is important to us.

Thinking about selling your practice is a big decision.

You have built relationships with your staff and patients and have created a brand that your community has come to know and trust. CVP embraces each hospital is unique and supports the individual legacies of each owner. We are committed to working in partnership with you to maintain the culture that is so important to your practice. At the same time, you and your team will gain access to a larger community of like-minded professionals and CVP programs and benefits that are designed to support our team members in their work and personal lives.

What it means for your hospital to be part of the CVP community.

Locally Driven Medicine

Lead Veterinarians are the clinical leaders in each hospital leading the veterinary team as they provide care personally to each pet.

CHIP Investment Program

An opportunity for high performing associate veterinarians and practice managers to invest in the community they are helping to build, allowing them to share in the financial growth of our combined commitment.

Hospital Level Rewards

Team member and Practice Manager bonus program tied to CVP and individual hospital performance.

Improved Team Member Benefits

Most hospitals see better benefits and lower costs for team members, with added support for retirement planning.

Professional Development

Support for continuing education with free access to CVP's online continuing education platform and career advancement opportunities.

No Change in PIM System

We recognize the hardship of a change in PIM software and have a proven integration solution.

Be a Key Contributor to the Community

Participate on CVP Medical Advisory and Operations Advisory Boards and explore new innovations within the industry through Pilot Programs and Clinical Trials.

University Relations Initiative

Provides a pathway for students and new graduates to become associates within the CVP Community.

CVP Community Fund

Started by CVP leadership, this fund is a way for our community to come together and provide financial support to team members when faced with an unexpected hardship.

What you can personally expect when selling your practice to CVP.

Competitive Valuations

We select and invest in the best hospitals and provide options to share in future growth.

Seller-Friendly, Flexible Deal Structures

From cash buyouts to partnership opportunities, we have a variety of sale agreement options and can be more flexible to meet your unique needs.

Reinvestment

Reinvestment opportunities that are tax-deferred and can increase the return on the sale of your practice.

Succession Planning

Whether you are planning to exit your practice soon or years from now, we will help you plan your exit strategy ensuring your personal needs are met while continuing the legacy you have built.

Key Employee Retention Strategies

We have developed strategies and can be flexible with ways to reward key employees for their commitment.

Retain your Identity and Culture

We value the brand equity you and your team have built and won't change it.

CVP Veterinarian Leadership Conference

An opportunity for you to meet and network with your peers from across the CVP community, while earning CE and sharing best practices.

VMG Membership and Industry Partners

Hospitals stay or automatically become a VMG member and can participate in partnership programs to innovate operations and care delivery.

"Ultimately, we want to provide the best possible care to our patients and better opportunities for our staff. CVP has allowed our management philosophy and hospital culture to continue. Our team feels empowered to do the right thing and knows they have good partners by their side to help when they need it."
